

# TRU Community Fund

Grant funding for community spaces and services

Billions of pounds are being invested to transform train travel between Manchester, Huddersfield, Leeds, and York as part of the **Transpennine Route Upgrade**.

While we deliver these major railway upgrades, we're offering community groups, schools and charities the opportunity to apply for funding to **improve local spaces and services**.

This year, a total of **£175,000** is available to apply for in grants.

To find out more and apply, scan the QR code or visit <https://www.gmcvo.org.uk/transpennine-route-upgrade-community-fund>
